

# SOP: Managing Inventory Amazon Fulfils

1. In order to Manage your FBA listings, you would need to go to your “Manage Inventory” page by selecting “Manage Inventory” from the Drop Down Menu of the “Inventory” tab on the top menu of Seller Central.
2. At the top of the next page, click on the link that reads “Inventory Amazon Fulfils”.
3. On this page, you will see a table listing all of the SKUs that are fulfilled by Amazon or FBA.
4. Here you can amend the pricing, check your inventory levels and availability, preview your fees to Amazon for fulfilling this SKU and edit any of these SKUs if they are missing any information in their product listing that may be making them unavailable, inactive, suppressed, et cetera.
5. Click on the “Edit” button to the right of the line item and select any of the relevant actions from the Drop Down Menu such as:
  - ▶ Editing your product listing as needed;
  - ▶ Managing images for your listing;
  - ▶ Copy the listing;
  - ▶ Adding another condition such as “Used”;
  - ▶ Change to Fulfilled by Merchant;
  - ▶ Send/Replenish Inventory if it is out of stock or low on stock;
  - ▶ Set Replenishment Alerts so you never run out of stock;
  - ▶ Create Removal Orders if the product is unfillable;
  - ▶ Create Fulfillment Order;
  - ▶ Print Item Labels;
  - ▶ Close Listing; or
  - ▶ Delete Product and Listing.
6. Remember to click the “Save All” button at the top right of the table of SKUs to save your changes.
