SOP: Creating a Category Listing Report

1. This report is not visible on all accounts at all times.

2. You would need to create a case with Amazon Support, requesting them to enable the Catalog Listing Report in the account.

3. Once enabled, it will be active for seven days only.

4. Download a Category Listings Report for a list of items belonging to a particular category.

5. To download the report, select "Inventory Reports" from the Drop-Down Menu of the "Inventory" tab on the top menu of Seller Central.

6. On the next page, select "Catalog Listings Report" from the "Select Report Type" Drop-Down Menu provided.

7. Select which category you would like to run the report for from the Drop-Down Menu provided alongside the "Select Category" section.

8. You can also choose to select "All" to run the report for all categories at once in a single report.

9. Select your Report Format, either "Excel" or "Text".

10. Select the Lookback Date as required.

11. Select the Status Filter from the Drop-Down Menu provided, these statuses being "Active", "Inactive", "Incomplete" or "Inactive (Out of Stock).

12. You can now click the "Request Report" button.

13. Your report will appear in the table below with a "Pending" status.

14. Once it is ready to be downloaded, the status will change to "Ready" and you will see the "Download" link has become live.

15. Click on this "Download" link and download your report to your computer as needed.
